<i>Preface</i>	vii
<i>Sir James Lighthill: Chronology</i>	xi
1. An Early Life History and Career of Sir James Lighthill	1
2. Music and Swimming	41
3. Personal Reminiscence	45
4. Sir James Lighthill's Books	57
4.1 <i>Introduction to Fourier Analysis and Generalised Functions</i> , Cambridge University Press, Cambridge, 1958 . . .	57
4.2 <i>Higher Approximations in Aerodynamic Theory</i> , Princeton University Press, Princeton, 1960	61
4.3 <i>Mathematical Biofluidynamics</i> , SIAM, Philadelphia, 1975	65
4.4 <i>Waves in Fluids</i> , Cambridge University Press, Cambridge, 1978	71
4.5 <i>Newer Uses of Mathematics</i> , Penguin Books Ltd., Harmondsworth, U.K., 1978	104
4.6 <i>Monsoon Dynamics</i> , (Eds. Lighthill, J. and Pearce, R. B.), Cambridge University Press, Cambridge, 1981	108
4.7 <i>An Informal Introduction to Theoretical Fluid Mechanics</i> , Oxford University Press, Oxford, 1986	110
4.8 <i>Tropical Cyclone Disasters</i> , (Eds. Lighthill, J., Zhang, Z., Holland, G., and Emanuel, K.), Peking University Press, Beijing, China, 1993	114

4.9	<i>Fluid Mechanics</i> , A Chapter in Twentieth Century Physics (Eds. Laurie M. Brown, Abraham Pais, and Sir Brian Pippard), Institute of Physics and American Institute of Physics, New York, Volume II, 1995	117
5.	Supersonic and Subsonic Aerodynamic Flows	123
5.1	Introduction	123
5.2	Supersonic Airfoil Theory	124
6.	Aeroacoustics and Nonlinear Acoustics	133
6.1	Introduction	133
6.2	Lighthill's Theory of Sound Generated Aerodynamically	134
7.	Boundary Layer Theory and Vorticity Dynamics	147
7.1	Introduction	147
7.2	Lighthill's Contributions to Boundary Layer Theory . . .	150
8.	Linear and Nonlinear Waves in Fluids	165
8.1	Sound Waves and Shock Waves	165
8.2	Kinematic Waves	188
8.3	Linear Dispersive Waves	193
9.	Geophysical Fluid Dynamics	201
9.1	Introduction	201
9.2	Dynamics of Rotating Fluids	202
9.3	The Navier-Stokes Equations of Motion in a Rotating Frame of Reference	208
9.4	Linear Rossby Waves in a Non-Uniformly Rotating Ocean	209
9.5	General Class of Traveling Wave Solutions of the Rossby Wave Equation	213
9.6	Small Amplitude Waves in a Rotating Ocean	214
9.7	Poincaré, Kelvin and Rossby Waves in a Rotating Ocean	216
9.8	Dynamic Response of the Indian Ocean to the South- west Monsoon	225
9.9	Concluding Remarks	237

10. Nonlinear Dispersive Waves	239
10.1 Introduction	239
10.2 Lighthill's Theory of Nonlinear Dispersive Waves	240
11. Nonlinear Diffraction of Water Waves by Offshore Structures	255
11.1 Introduction	255
11.2 Morison's Equation	256
11.3 Basic Equations of Water Waves in Cylindrical Polar Co-ordinates and Boundary Conditions	260
11.4 Linear Diffraction Theory and Morison's Coefficient	265
11.5 Nonlinear Wave Forces on Offshore Structures and Nonlinear Modification of the Morison Equation	268
12. Biofluid Mechanics	281
12.1 Introduction	281
12.2 External Biofluidynamics	282
12.3 Internal Biofluidynamics	288
13. Books and Major Research Papers of Sir James Lighthill	301
<i>Bibliography</i>	313
<i>Index</i>	321
