
Contents

Dedication.....	v
Introduction	ix
Part I. Life and Death	
Chapter 1. Two Short Stories	3
Part II. Entropy, Infinity and God	
Chapter 2. Entropy	17
Chapter 3. Infinity	21
Chapter 4. God.....	25
Part III. Lifespan and Factors Affecting It: Humans	
Chapter 5. Longevity in Living Systems, Theories and Speculation.....	33
Chapter 6. Energy, Entropy, Basal Metabolism and Lifespan.....	49
Part IV. Entropy Theory of Aging Systems: Humans	
Chapter 7. Entropy and the Life Process.....	71
Chapter 8. On Time, Longevity and Entropy	97
Chapter 9. Excess Entropy (EE) and Excess Entropy Production (EEP)	125

Part V. Entropy Theory of Aging Systems: The Corporation

Chapter 10. Evolving Corporate Systems: Entropy, Aging
and Death 133

Chapter 11. Entropy and Size, Structure, Stability, Senescence ... 141

Chapter 12. Informational Entropy and Shannon 155

Chapter 13. The Corporate Structure 161

Chapter 14. Understanding the Aging Corporation 175

Chapter 15. Hershey Corporate Lifecycle Assessment
and Entropy Analysis 183

Part VI. Entropy Theory at Aging Systems: The Universe

Chapter 16. The Universe and Beyond 219

Chapter 17. Infinity, Entropy and the Aging Universe 225

Chapter 18. Pressure, Volume, Temperature, Entropy
Calculations: The Beginning, The Middle,
and The End of the Universe 243

Author Biography 261
